

Jui-Hsuan WU

Born October 31st, 1996
From New Taipei, Taiwan

Address 1 rue Honoré d'Estienne d'Orves
Bâtiment Alan Turing, Campus de l'École Polytechnique
91120 Palaiseau
Mobile +33 7 68 27 60 48
E-mail jwu@lix.polytechnique.fr

Github <https://github.com/wujuihsuan2016>

EDUCATION

- 2021 - Now Ph.D. in Computer Science
Advised by [Dale Miller](#) and [Beniamino Accattoli](#).
Institut Polytechnique de Paris, Palaiseau, France.
- 2021 Diplôme de l'École Normale Supérieure (ENS graduate degree)
Major in Computer Science, minor in Mathematics
École Normale Supérieure, Paris, France
- 2019–2020 Master 2 (M.Sc.) in Theoretical Computer Science, with honours
École Normale Supérieure and MPRI, Paris, France.
- 2018–2019 Master 1 in Computer Science
École Normale Supérieure and MPRI, Paris, France.
- 2017–2018 Licence 3 (B.Sc.) in Computer Science, with highest honours
École Normale Supérieure and Paris Diderot University, Paris, France.
- 2017–2021 Élève Normalien
École Normale Supérieure, Paris, France.
- 2015–2017 CPGE (2-year preparatory program leading to entrance exams to the French *Grandes Écoles*).
Lycée Janson-de-Sailly, Paris, France.

PUBLICATIONS

- Feb. 2023 *A positive perspective on term representation*, with Dale Miller. In 31st EACSL Annual Conference on Computer Science Logic (CSL 2023), Warsaw, Poland.
- April 2021 *Combinatorial Proofs and Decomposition Theorems for First-order Logic*, with Dominic Hughes and Lutz Straßburger. In 36th Annual ACM/IEEE Symposium on Logic in Computer Science (LICS), Roma, Italy.

TALKS

- Aug. 2022 *A positive perspective on term representation: work in progress*, LFMTTP 2022, Technion, Haifa, Israel.
- June 2022 *A positive perspective on term representation*, Proofs and Algorithms Seminar, LIX, Palaiseau, France.
- July 2019 *Subject reduction in Lambdapi and injectivity of function symbols*, Deducteam Seminar, LSV, Cachan, France.
- Dec. 2018 *APLL: a focusing-based automated prover for linear logic*, Workshop on machine proofs of linear logic, LIP, Lyon, France.

RESEARCH INTERESTS

- Mathematics Proof Theory, Logic
CS Programming Languages, Functional Programming, Logic Programming, Type Theory, Verification

RESEARCH EXPERIENCES

- 2020 (M2) **On first-order combinatorial proofs**
Internship supervised by Dr. Lutz Straßburger at INRIA Saclay.
A more compact representation of first-order combinatorial proofs using sequent calculus and deep inference rules, and a simpler completeness proof of first-order combinatorial proofs.
- 2019 (M1) **Checking the type-safety of rewrite rules in the $\lambda\Pi$ -calculus modulo**
[Internship](#) supervised by Dr. Frédéric Blanqui and Dr. Valentin Blot at INRIA Saclay.
Implementation of an algorithm for checking the type preservation of rewrite rules and design of an algorithm for checking the injectivity of function symbols in the $\lambda\Pi$ -calculus modulo.
- 2018 (L3) **Automated proof search in linear logic**
[Internship](#) supervised by Dr. Olivier Laurent at ENS de Lyon and Dr. Youakim Badr at INSA Lyon.
Development of an automated prover (available on GitHub) for propositional linear logic and its intuitionistic fragment implemented in OCaml. In order to guarantee the validity of proofs, it is also possible to export proof certificates using the proof assistant Coq.

OTHER EXPERIENCES

- July 2023 Participation in the 5th International School on Proof Theory, University of Barcelona, Barcelona, Spain.
- Nov. 2022 Participation in the 4th International School on Proof Theory, Utrecht University, Utrecht, Netherlands.
- Aug. 2022 Student volunteer at the Federated Logic Conference (FLoC), Technion, Haifa, Israel.
- Jan. 2022 Participation in the Linear Logic Winter School, CIRM, Marseille, France.
- July 2019 Participation in the 11th International School on Rewriting, Mines ParisTech, Paris, France.

TEACHING EXPERIENCES

- Autumn 2022 Teaching assistant (56h), *CSE101 Computer Programming*, École Polytechnique.
- Spring 2022 Teaching assistant (56h), *CSE102 Computer Programming*, École Polytechnique.

AWARDS AND HONORS

- Sep. 2017 ENS scholarship for foreign students accepted through *concours*

SKILLS

- Languages Mandarin (mother tongue), English (bilingual), French (bilingual), German (basic)
- Programming OCaml, Coq, Python
- Others Git, Linux, \LaTeX
