

# Curriculum Vitae

Claudia D'Ambrosio

September 16, 2022

CNRS Directrice de Recherche and Professeure Chargée de Cours at:

LIX, Laboratoire d'Informatique de l'École Polytechnique  
91128 Palaiseau CEDEX, France

Office: LIX 2014 (Batiment Alan Turing, second floor)

E-mail address: [dambrosio@lix.polytechnique.fr](mailto:dambrosio@lix.polytechnique.fr)

Office phone n.: +33.1.77.57.80.06

## Personal Information and Education

July 2018: **Habilitation à Diriger des Recherches** (French diploma to supervise research, it must be obtained prior to applying to full professorships in France), Solving well-structured MINLP problems. Université Paris 13, Paris, 19 July 2018. Jury : E. Carrizosa, I.E. Grossmann, R. Misener (referees), S. Elloumi, J.B. Lasserre (examiners), F. Roupin, R. Wolfler Calvo (sponsors).

From January 2006 to April 2009: **PhD student** in “Automatic Control and Operations Research” at the Dipartimento di Elettronica, Informatica e Sistemistica (DEIS), **University of Bologna** (Italy). Thesis “Application-oriented Mixed Integer Non-Linear Programming”, advisor Prof. Andrea Lodi. Defended on April 16th, 2009.

21st March 2005: **Master** degree in Computer Science Engineering at the **University of Bologna** (Italy). Thesis: “Algorithms for the Water Network Design Problem” advisor Prof. Paolo Toth, co-advisors Prof. Andrea Lodi and Dr. Cristiana Bragalli.

## Awards and Distinctions

**2nd Robert Faure ROADEF prize** 2015 (this is the triennial prize of the French OR society, with three laureates at each edition).

**EURO Doctoral Dissertation Award** 2010 with the PhD Thesis “Application-oriented Mixed Integer Non-Linear Programming”, EURO Conference 2010, Lisbon (Portugal), 2010. It is the highest European recognition for a Ph.D. thesis

in OR.

## Funded ongoing projects

- Holder of the chair “Integrated Urban Mobility” sponsored by Uber, 2019–2023 (see <https://www.lix.polytechnique.fr/ium/>).

## Funded past projects

- Principal Investigator and Supervisory Board member for CNRS, European Project (Marie Curie) “MINOA”, 2018–2021 (see <https://minoa-itn.fau.de/>).
- Leader of the Programme Gaspard Monge pour l’Optimisation project “Shortest path problem variants for the hydro unit commitment problem”, funded by the Fondation mathématique Jacques Hadamard, 09/2016–08/2019.
- Leader of the Project “Learning to solve Hydro Unit Commitment problems in France” sponsored by the Siebel Energy Institute seed grant, <http://www.siebelenergyinstitute.org/2016-research-grants/>.
- Participant of the Project “From resource to price: machine learning for Italian electricity network and market” sponsored by the Siebel Energy Institute seed grant, <http://www.siebelenergyinstitute.org/2016-research-grants/>.
- Leader of the Programme Gaspard Monge pour l’Optimisation project “Decomposition and feasibility restoration for Cascaded Reservoir Management”, funded by the Fondation mathématique Jacques Hadamard.
- Participant of the Programme Gaspard Monge pour l’Optimisation project “Résolution de programmes polynomiaux, approche par relaxation quadratique convexe”, funded by the Fondation mathématique Jacques Hadamard.
- Management Committee member of the COST Action TD1207 Mathematical Optimization in the Decision Support Systems for Efficient and Robust Energy Networks ([http://www.cost.eu/domains\\_actions/ict/Actions/TD1207](http://www.cost.eu/domains_actions/ict/Actions/TD1207)).
- Leader of the Programme Gaspard Monge pour l’Optimisation project “Optimality for Tough Combinatorial Hydro Valley Problems”, funded by the Fondation mathématique Jacques Hadamard (<http://www.lix.polytechnique.fr/~dambrosio/PGMO.php>).
- Participant of the European Project (Marie Curie) “MINO: Mixed Integer Nonlinear Optimization” (<http://www.mino-itn.unibo.it/>).
- Participant of the ANR jcyj project “ATOMIC: Air Traffic Optimization via Mixed Integer Computation” (<http://www.recherche.enac.fr/~cafieri/atomic.html>).

## Professional Experience and Visiting Positions

Since October 2019: **research director** (Directrice de Recherche 2<sup>ème</sup> classe) at CNRS in the LIX, École Polytechnique (France).

October 2019: **Simons CRM Professor**, Montréal, Canada.

Since September 2019: **adjunct professor** (Professeure Chargée de Cours) at École Polytechnique (France).

From September to December 2015: stay at **GERAD, Montréal, Canada** (see <https://www.gerad.ca/fr/people/claudia-d-ambrosio>).

From October 2015 to September 2019: **senior research scientist** (formerly chargée de Recherche 1<sup>ère</sup> classe) at CNRS in the LIX, École Polytechnique (France).

Since September 2014: **adjunct assistant professor** (chargée d'enseignement) at École Polytechnique (France).

From October 2011 to September 2015: **research scientist** (chargée de Recherche 2<sup>ème</sup> classe) at CNRS in the LIX, École Polytechnique (France).

From November 2010 to August 2011: **post-doc** in “Algorithms and techniques for MINLP problems with a special attention to optimization problems for unit commitment, scheduling and distribution of electric power” at the Dipartimento di Elettronica, Informatica e Sistemistica (DEIS), University of Bologna (Italy).

From May to October 2010: **post-doc** in “Mixed Integer NonLinear Programming” at the Industrial and System Engineering Department (ISyE), University of Wisconsin - Madison (U.S.A.).

From May 2009 to April 2010: 1-year **post-doc** in “Algorithms and techniques for MINLP problems with a special attention to optimization problems for unit commitment, scheduling and distribution of electric power” at the Dipartimento di Elettronica, Informatica e Sistemistica (DEIS), University of Bologna (Italy).

From May 2008 to July 2008: **consulting** for OPTIT on a project with Hera Comm on the optimization of energy cogeneration plants under the supervision of Prof. Andrea Lodi.

From July 2007 to September 2007: working as **co-op/intern** at IBM TJ Watson Research Center (Yorktown, NY) under the supervision of Dr. Jon Lee and Dr. Andreas Wächter on the research project “Mixed Integer Nonlinear Programming”.

From 2006: **tutoring** in Operations Research (undergraduate and master level).

From 2006 to 2009: **PhD student** in “Automatic Control and Operations Research” at the Dipartimento di Elettronica, Informatica e Sistemistica (DEIS),

University of Bologna (Italy).

From July 2005 to December 2005: **collaboration** with the Operations Research group of the “Dipartimento di Elettronica, Informatica e Sistemistica (DEIS)” of the University of Bologna for the development of algorithms for the Waste Management Problem (UE Project Integrated Urban Waste-Management Model (IUWMM)).

From April 2005 to June 2005: **collaboration** with the Operations Research group of the “Dipartimento di Elettronica, Informatica e Sistemistica (DEIS)” of the University of Bologna for the development of algorithms for the Capacity Planning Problem (UE Project PARTNER).

## Publications

## Editorial Activities

Associate Editor of **EJOC (EURO Journal on Computational Optimization)** (since October 2020).

Editorial Board Member of **IPP Insights** (since July 2020).

Guest Editor of **Mathematical Programming Computation** for a special issue on “MIP Workshop 2018”.

Associate Editor of **Optimization Methods & Software** (since September 2016).

Associate Editor of **Optimization and Engineering** (since July 2016).

Guest Editor of **EJOC (EURO Journal on Computational Optimization)** for a special issue on “Nonlinear and Combinatorial Methods for Energy Optimization”.

Associate Editor of **4OR – A Quarterly Journal of Operations Research** jointly published by the Belgian, French, and Italian Operations Research Societies (since June 2014).

## Professional Duties

Member of the Executive Board of the Programme Gaspard Monge pour l’Optimisation (since 03/2022).

Program committee member of the “International Symposium on Combinatorial Optimization” (ISCO 2022).

Core member of the jury of the EURO Prize for OR for the Common Good Jury 2022, Helsinki, Finland (2022).

Scientific committee member of the “French German Portuguese Conference on Optimization” (2022).

Member of the Ph.D. awarding committee of Quentin Renau (2022).

Member of the Ph.D. awarding committee of Marc Ethève (2021).

Member of the Habilitation à Diriger des Recherches awarding committee of Amélie Lambert (rapportrice), Paris, France (2021).

Member of the animation team of the stream Non Linear Mathematical Programming of the CNRS Research Group in Operations Research (GDR-RO) and member of the scientific committee of the CNRS Research Group in Operations Research (GDR-RO) since 2020.

Chair of the committee on the Sustainable Development at LIX/DIX since 2021.

Program committee member of the 21st Conference on Integer Programming and Combinatorial Optimization (IPCO 2020).

Chair of the INFORMS Student Paper Prize Committee 2020 <https://connect.informs.org/computing/awards/ics-student-paper-award>.

Scientific committee member of the “Integer Programming and Algorithms” (2019).

Member of the Ph.D. awarding committee of Renan Spencer Trindade (2019).

Member of the Advisory Board of the start-up GeoTwin (since 05/2019).

Member of the Ph.D. awarding committee of Léonard Von Niederhausern (examinatrice), Lille, France (2019).

Co-organizer of the PhD and Industry Days 2019 (PID2019), Palaiseau, France (01/2019).

Member of the Ph.D. awarding committee of Gratién BONVIN (rapportrice), Sophia Antipolis, France (12/2018).

Scientific committee member at EUROPT Workshop 2018, Almeria, Spain (07/2018).

Organizer of the Energy stream at ISMP 2018, Bordeaux, France (07/2018).

Poster Award Committee member at MIP Workshop 2017, Montréal, Canada (06/2017).

President of the Ph.D. awarding committee of Faisal WAHID, École Polytechnique (06/2017).

Recruitment committee member for a Assistant Professor position at the Paris Dauphine (05/2017).

Recruitment committee member for an adjunct assistant professor position (chargée d'enseignement) at École Polytechnique (04/2017).

Member of the Scientific Council of the Programme Gaspard Monge pour l'Optimisation (03/2017-03/2022).

Scientific committee co-chair of the Mathematical Optimization in the Decision Support Systems for Efficient and Robust Energy Networks Final Conference – 29/31 March 2017 – Modena (Italy).

Recruitment committee member for a Professor position at the ENSTA (2016).

Head of Program “Optimisation”, École Polytechnique (academic years 2015-2016, 2016-2017, 2017-2018, 2018-2019, 2019-2020).

Chef d'équipe (team leader) of the SYSMO team, LIX, École Polytechnique (2014-2017).

Project Board Member of TREND-X, Transdisciplinary analysis of Renewable Energies at École Polytechnique (2014-2019).

Organizing committee member of MINO/COST PhD School 2016.

Recruitment committee member for a Maitre de Conference position at the Laboratoire Jean Kuntzmann, Grenoble (2015).

Member of the Ph.D. awarding committee of Sellé Touré, Université de Grenoble (October 2014).

Recruitment committee member for a Maitre de Conference position at CNAM (2014).

Committee member of the Award for the Best EJOR Paper (EABEP) 2014.

Scientific committee member of ROADEF 2014.

Representing the École Polytechnique in the executive board of the Master Parisien de Recherche Opérationnelle since the academic year 2021-2013.

Co-chair of the COST Workshop on Mixed Integer NonLinear Programming (CWMINLP) 2013.

Selection committee member for the LIX-Qualcomm-Carnot postdoc 2013-14.

Organizer of the Mixed-Integer Non Linear Programming stream at the EURO-INFORMS 2013.

Organizer of Mixed Integer Programming (MIP) workshop 2012.

Organizer of the Mixed-Integer Non Linear Programming stream at the EURO 2012.

Organizer of many sessions at the AIRO Annual Conference.

## Scientific Community Contribution

Contributor of open-source solver ROSE (COIN-OR).

Contributor of open-source solver BONMIN (COIN-OR).

## Teaching Experience

Responsible for the course: **Decision Theory with Applications in Energy Systems** (INF569), École Polytechnique, France for the academic years 2019-2020, 2020-2021, 2021-2022, 2022-2023.

Co-responsible for the course: **Initiation to Research**, Master Parisien de Recherche Opérationnelle, France since the academic year 2013-2014.

Lecturer and responsible for the course: **Advanced Mathematical Programming** (PMA), Master Parisien de Recherche Opérationnelle, France since the academic year 2012-2013.

Responsible for the course: **Big Data** (INF442), École Polytechnique, France for the academic year 2017-2018.

Assistant for the course: **Big Data** (INF442), École Polytechnique, France for the academic years 2014-2015, 2015-2016, 2016-2017.

Assistant for the course: **Constraint Programming and Mathematical Programming** (INF580), École Polytechnique, France for the academic year 2013-2014, 2014-2015.

Lecturer for the course: **Introduction to C++** (INF585), École Polytechnique, France for the academic year 2012-2013.

Lecturer for the course: **Optimization in Health Care** of the Master in Ingegneria Clinica, COFIMP, Bologna (together with Professor Silvano Martello)

for the academic years 2008-2009/2009-2010/2010-2011.

Tutor for the course: **Operations Research M** with Professor Silvano Martello at the Faculty of the Engineering of the University of Bologna (Italy) for the academic year 2009-2010/2010-2011.

Tutor for the course: **Fundamentals of Operations Research L-A** with Professor Silvano Martello at the Faculty of the Engineering of the University of Bologna (Italy) for the academic years 2006-2007/2007-2008/2008-2009/2009-2010.

Tutor for the course: **Operations Research L-S** with Professor Silvano Martello at the Faculty of the Engineering of the University of Bologna (Italy) for the academic years 2006-2007/2007-2008/2008-2009.

Tutor for the course: **Lab of Optimization Tools L** with Professor Andrea Lodi at the Faculty of the Engineering of the University of Bologna (Italy) for the academic years 2006-2007/2007-2008/2008-2009.

Tutor for the course: **Lab of Operations Research L-A** with Professor Andrea Lodi at the Faculty of the Engineering of the University of Bologna (Italy) for the academic years 2006-2007/2007-2008/2008-2009.

## Languages

Italian: mother tongue.

English: excellent knowledge.

French: C1/C2.

## Computer Skills

Programming Languages: C, C++, Java, JSP.

Operating Systems: Linux, MAC-OS, Windows.

Software for Optimization: AMPL, Arena, COIN-OR solvers, Cplex, GAMS, Julia, JuMP, LaTeX, Matlab, MPL, Porta, SCIP.

## PhD Students

### Current

Antoine Oustry: PhD co-director (10/2020-).

Liding Xu: PhD co-director (10/2020-).

Maxime Dupuy: PhD co-director (01/2020-).

## **Past**

Martina Cerulli: PhD co-director (European Project MINOA), defended in 2021. Now post-doc at ESSEC (France).

Gabriele Iommazzo: PhD co-advisor (co-tutele with University of Pisa), defended in 2021. Now post-doc at Zuse Institute Berlin (Germany). Lorenzo Brunetta award for a Ph.D. thesis in Operations Research defended during the years 2019-2020-2021.

Maria Cristina Morani: PhD co-advisor, defended in 2021.

Luca Mencarelli: PhD co-advisor (European Project MINO), defended in 2017. Now post-doc at ENSTA (France).

Olivier Wang: PhD co-advisor (thesis CIFRE with IBM), defended in 2017.

Youcef Sahraoui: PhD co-advisor (thesis CIFRE with EDF), defended in 2016. Now at EPEX.

Claire Lizon: PhD co-advisor (thesis CIFRE with IFPEN), defended in 2015.

## **Master and Bachelor Students**

### **Past**

Louise Fournier: co-advisor of the Master thesis for the Master MPRO, France (2020) with W. van Ackooij and M. Anjos.

Liding Xu: co-advisor of the Master thesis for the Master Optimisation, France (2020) with S. Vanier.
